Critical writing depends on critical reading. Most of the papers you write will involve reflection on written texts the thinking and research that has already been done on your subject. In order to write your own analysis of this subject, you will need to do careful critical reading of sources and to use them critically to make your own argument. The judgments and interpretations you make [Critical Reading & Reading Strategies | SkillsYouNeed](#) Critical Thinking is an Extension of Critical Reading.

Thinking critically, in the academic sense, involves being open-minded - using judgement and discipline to process what you are learning about without letting your personal bias or opinion detract from the arguments.

[Growing as a reader, writer, and a thinker. |](#)

[Donprark's Blog](#)

Growing as a reader, writer, and a thinker. We did a lot of things to help us grow as a reader, writer and thinker. A lot of the things that we did; I didn't think was going to help me in any way. As the year goes by, I know that many of the things that I thought weren't going to help me, actually helped be in a way. I feel that I have grown a lot as a reader, writer, and a thinker

[What Is Critical Reading?](#)

A non-critical reader might read a history book to learn the facts of the situation or to discover an accepted interpretation of those events. A critical reader might read the same work to appreciate how a particular perspective on the events and a particular selection of facts can lead to particular understanding.
